Alignment Worksheet

DIRECTIONS:

On your own, answer the questions below for each core concept. It might help to note your thoughts to the side of each question for later discussion. Once you complete the questions for each core concept, complete the assessment chart that follows.

Take your time going through each section. Thoughtfully consider how each of these might apply to your church and team. Things you discover in each section will be helpful to you aligning your church's leadership team. Once everyone on your team has completed this step, then work through each section as a team—do not rush this step as it probably will take several sessions. When completed, you will personally have a clearer picture of your church's culture and be able to provide a clear picture of who you are as a church to any pastoral candidate.
